Requirement	Drone 1 — DJI Agras T25	Drone 2 — Custom EFT E616P build	Drone 3 — DJI Agras T50
Camera	Built-in FPV camera	FLIR Blackfly S, 1.6 MP global shutter	Built-in FPV camera
Camera price	Included	Rs. 151,999*	Included
Drawback of this camera	Mainly for flight viewing; not confirmed for direct YOLO integration	Requires lens, cable, mount and computer; 1.6 MP resolution	Mainly for flight viewing; custom AI integration needs verification
Alternate/additional camera	FLIR Blackfly S, if compatible	Additional downward-facing camera for ground view	FLIR Blackfly S, if compatible
Alternate camera price	Rs. 151,999*	Not verified	Rs. 151,999*
Spraying system	Integrated 20 L tank, pumps and atomising sprinklers	Custom tank, pump, valves, flow meter and nozzles	Integrated agricultural spraying system
Spraying system price	Included	Not verified	Included
Onboard AI computer	NVIDIA Jetson Orin Nano Super, if compatible	NVIDIA Jetson Orin Nano Super	NVIDIA Jetson Orin Nano Super, if compatible
AI computer price	Rs. 120,000–174,499	Rs. 120,000–174,499	Rs. 120,000–174,499
Flight time	Confirm with supplier for the intended spray payload; varies with load and conditions	Depends on final airframe, battery and total payload	Confirm with supplier for the intended spray payload; varies with load and conditions
Aerial view	Yes	Yes, with suitable mounting	Yes
Ground view	Requires an additional compatible camera/mount	Possible with a downward-facing camera	Requires an additional compatible camera/mount
AI-based pest/disease detection	Requires integration with your YOLO model	Possible with compatible hardware and software development	Requires integration with your YOLO model
Automatic targeted spraying	Not confirmed for custom YOLO grid commands	Must be developed and tested	Not confirmed for custom YOLO grid commands
Drone price in Pakistan	Approx. Rs. 3,199,999	Frame listing: US$499 before shipping/import; complete build price not verified	Current Pakistan price not verified
Approximate integrated total	Rs. 3.47–3.53 million minimum, before extra ground camera, accessories and integration	Cannot be reliably calculated until the complete build and spray components are quoted	Cannot be reliably calculated without a current drone quote and integration costs
